

This screenshot shows a web browser window with the URL `https://dod.teams.microsoft.us/dl/launcher/launcher.html?uri...`. A security warning dialog box is displayed in the foreground, stating: "This site is trying to open Microsoft Teams. https://dod.teams.microsoft.us wants to open this application. Always allow dod.teams.microsoft.us to open links of this type in the associated app". The dialog has "Open" and "Cancel" buttons. A red box highlights the "Cancel" button, with a red arrow pointing to it and the text "CLICK ON 'CANCEL' BUTTON".

Below the dialog, there is a grid of four avatars representing meeting participants. A red box on the left contains the text: "IMPORTANT NOTE: You may need to clear your browser cache and/or history to avoid Microsoft Teams from defaulting to your corporate account."

At the bottom of the page, there is a button labeled "Join on the web instead". A red box highlights this button, with a red arrow pointing to it and the text "CLICK ON 'JOIN ON THE WEB INSTEAD' OPTION". Below this button, it says "Already have the Teams app? Launch it now".

This screenshot shows the "Meeting now" settings screen in a web browser. The page title is "Meeting | Microsoft Teams" and the URL is `https://dod.teams...`. The main heading is "Choose your audio and video settings for Meeting now".

Below the heading, there is a large circular icon with a person silhouette. To the left of this icon, a red box contains the text: "ENTER GUEST NAME HERE THEN CLICK 'JOIN NOW'". A red arrow points from this text to a text input field labeled "Enter name". To the right of the "Enter name" field is a "Join now" button, which is also highlighted with a red box.

At the bottom of the screen, there are several settings: a microphone icon with a toggle switch, a video icon with a toggle switch, and a "Devices" icon. Below these settings, it says "Other join options".

Two large red arrows point from the top screenshot down to this screenshot, indicating the flow of the process.
