

# NavigateCyber

A CHITRA COMPANY

## Leverage Generative AI for RMF

5/31/24

**CHITRA:** Founded in 2011 to provide services focused on Cybersecurity and Regulatory Compliance with proven past performance.

## Company Facts

- Woman-Owned Small Business
- Top Secret Facility Clearance
- ISO Certified 9001: 2015
- GSA Prime
- HCaTS SB Pool 1 Prime
- GSA MAS ( PSS and Schedule 70) Prime
- Seaport NxG Prime
- 71 Contract Awards
- 96% Dun and Bradstreet Open Ratings
- “Excellent” and “Very Good” CPARs
- Joint Ventures with 8(a) and HUBZone Companies

## Our Customers

**The problem is...  
RMF ATOs and  
FedRAMP are highly  
manual and  
time-consuming.**

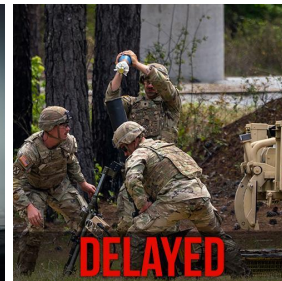

## Security Compliance

**Manual RMF processes lead to delayed Authority to Operate (ATO):**

- Delays mission impact/outcome
- Time and cost to complete RMF is substantial
- Lack of skilled workers
- Not skilled - more errors
- Human capital allocation vs. Generative AI
- Focus on cyber threats vs. paperwork process

**Competitive product features are siloed and do not support the end-to-end RMF Process.**

## **Competitive Products Lack:**

- An intuitive and easy-to-use interface
- Ability to identify correct required documents in support of RMF
- Capability to extract relevant data from documents
- Accelerated cycles for managing document process workflows
- Human error reduction

# A Generative AI Platform For RMF Automation

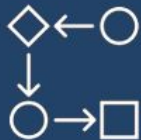

## Navigate Cyber:

- Eliminates 100% of the manual process
- Human & machine-centric teaming
- Full automation
- Time to ATO reduced by up to 90%
- Focus cyber-skilled workers on high value work vs laborious tasks

**CUSTOMER INTERFACE**
