Agenda

- 1 **Introductions**
- 2 **How Docusign helps DoD.**
- 3 **Demo of a representative signing experience (DD2875)**
- 4 **Discussion, Q&A**

Docusign helps DOD components streamline operations & accelerate mission delivery

US Army Corps
of Engineers®

IL4 Use Cases

Human Resources

- Recruitment
- Hiring & Onboarding
- Contract Management

Internal Operations Forms

- System Access Forms
- Request for Issue / Turn-In

Case Management

- Facilities Management
- Permits, Licensing & Registration

Military / Veteran Health

- Consent Forms
- Health Care Services
- Patient Intake

Common Terms: Electronic Signing vs. Digital Signing- CAC/PIV

Electronic Signing:

- **Legal for last 20 years in US**
- **Legal Internationally**
- **Financial/ Healthcare/Insurance Industries**
- **Consumer Driven**
- **Leverages IT tools for ID Validation**
- **Other Forms of ID Validation: Govt. ID- MFA- KBA-Video**
- **No Digital Certificate Involved**

Digital Signing CAC/PIV:

- **A PKI technology that relies on Digital Certificates**
- **Matches Certificates on your Government Device with Certificates on your CAC Card**
- **Certificates are managed by the DoD Certificate Authority (CA)-DISA**
- **Unique in the US to the Federal Govt. BUT a common practice in the rest of the world.**
- **In place for close 20 years**

DOD DocuSign Integrations

Secure, Streamlined, Mission-Ready
Footprint

- some of our DOD

U.S. Department of Defense

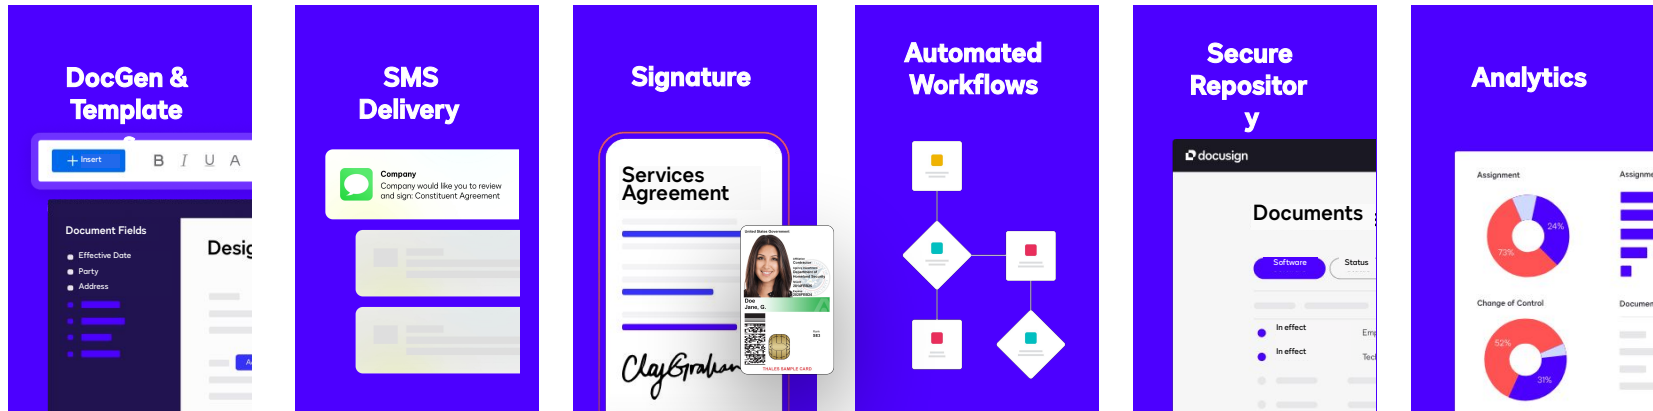

- ★ **DISA JWCC:** Enhances **communication and authorization** within the Joint Warfighting Cloud Capability.
- ★ **DLA:** DocuSign CLM and eSignature **integrated with ServiceNow** accelerate asset documentation and administrative workflows, cutting response times and paperwork.
- ★ **Navy (DADMS APL):** Approved for Navy applications, ensuring a centralized, secure approach to **document management**.
- ★ **Navy & Marine Corps (CNIC, CNRC, MyNavyHR, NAVFAC, PEO MITSM, Navy JAG):** Supports mission-critical functions like **personnel management, legal documentation, and onboarding**. The MyNavyHR integration pending ATO approval.
- ★ **Marine Corps Wounded Warrior:** Automates EEOC forms, **asset management**, and **help desk operations**, streamlining workflows like **SAAR 2875** and JAG legal processes.
- ★ **Navy Flank Speed:** Leveraging **Microsoft Power Platform**, DocuSign enables IL4 workflows for CAC-secured CUI processing in **HR, onboarding, and access requests**, ensuring compliance and efficiency.

DOD Challenges

- ➔ **Manual Workflows:** Processes rely on paper documents that may need physical signatures, approvals, and routing, slowing decision-making and increasing the risk of lost documents.
- ➔ **Compliance and Security:** Manual processes often involve unencrypted emails or physical delivery, exposing sensitive data to risk. DocuSign offers secure, FedRAMP and IL4-compliant digital solutions.
- ➔ **Document Storage & Retrieval:** Manual storage makes organizing and retrieving documents difficult. DocuSign provides centralized, secure digital storage.
- ➔ **Real-Time Visibility:** Manual tracking lacks transparency. DocuSign offers real-time dashboards for document status, speeding decision-making.

Docusign delivers a frictionless, digital experience at every step of the agreement process

O365 and ServiceNow Forms Management

O365 and Sharepoint Forms Management

DocuSign & Salesforce: Agreement Mgmt

Buying DocuSign in DoD and the Federal Government

General Services Administration (GSA) Schedule 70

GSA Schedule 70 is widely used for IT products and services across the federal government, making DocuSign accessible to multiple agencies, including the DOD.

NASA Solutions for Enterprise-Wide Procurement (SEWP V)

NASA SEWP V is a government-wide acquisition contract (GWAC) for IT products and services, including software solutions like DocuSign.

Alaska Native Corporations (ANCs) and Tribal-Owned Enterprises

Under the SBA 8(a) program, federal agencies can directly award contracts to ANCs and Tribal-Owned enterprises without competition, using Sole Source authority. This allows for quicker acquisitions and supports Indigenous economic development.

Federal Supply Schedules (FSS)

FSS is available for multiple federal agencies and includes software solutions like DocuSign under different SINs (Special Item Numbers).

Department of Veterans Affairs Technology Acquisition Center (TAC)

Although primarily for the VA, this acquisition center can serve as a pathway for DOD purchases as needed, especially in the case of joint requirements

ITES-SW2 (Army Information Technology Enterprise Solutions - Software 2)

ITES-SW2 provides software solutions, including electronic signatures, and is available for DOD-wide use.

Army CHES (Computer Hardware, Enterprise Software, and Solutions)

Managed by the Army, CHES provides IT solutions and contract vehicles for the Army and DOD. DocuSign can be accessed through CHES if aligned with enterprise needs.
